

IDRO  **ETAL**[®]
SERRAMENTI & BLINDATI

Modelli

STORIA, STILE E TECNOLOGIA

La ditta IDROMETAL s.r.l. nasce come laboratorio artigianale e si sviluppa nel corso degli anni novanta acquisendo dimensioni sempre più rilevanti nel settore della produzione di porte blindate, infissi in ferro e alluminio.

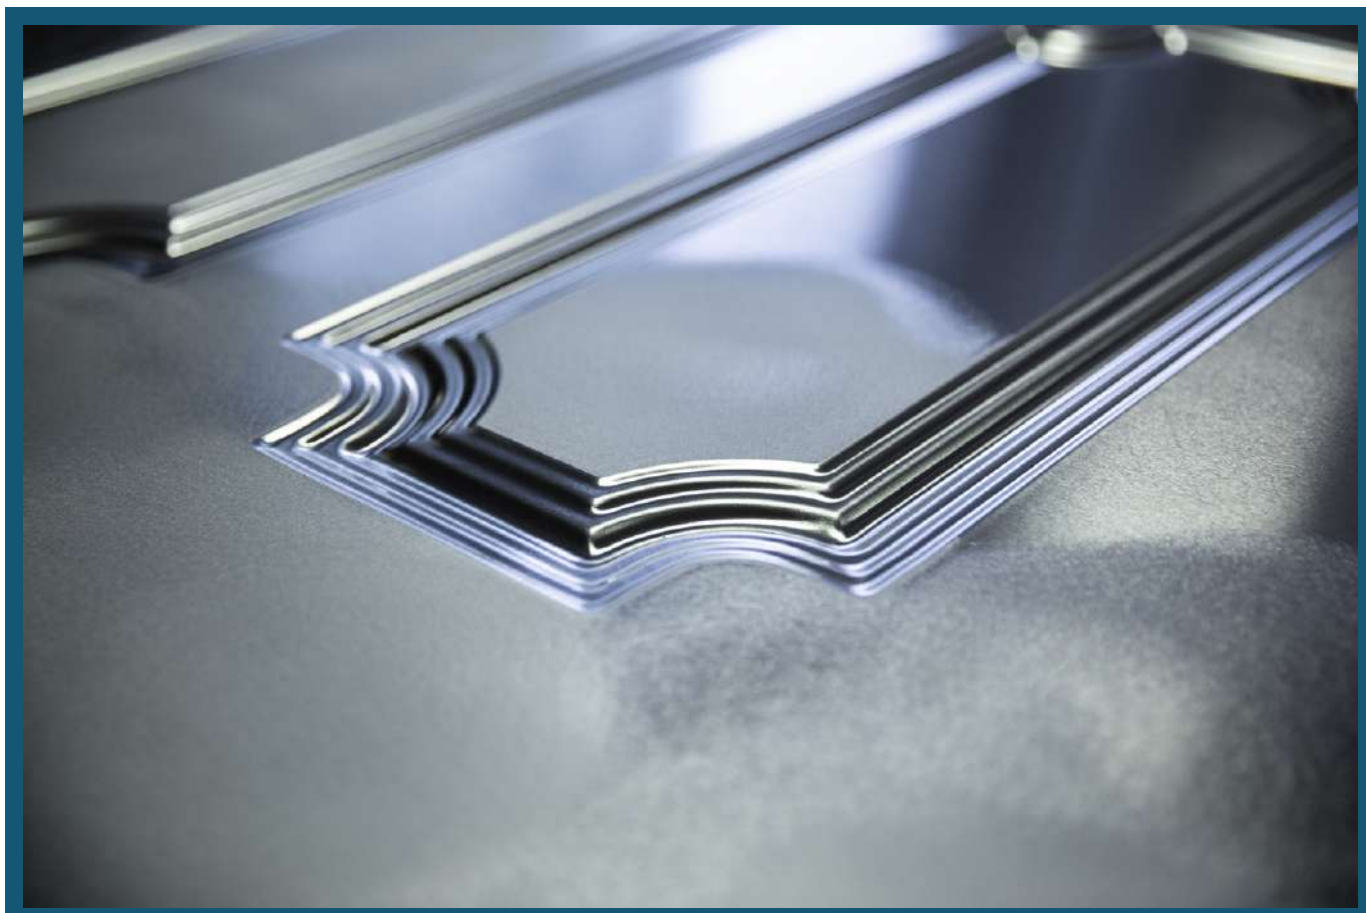

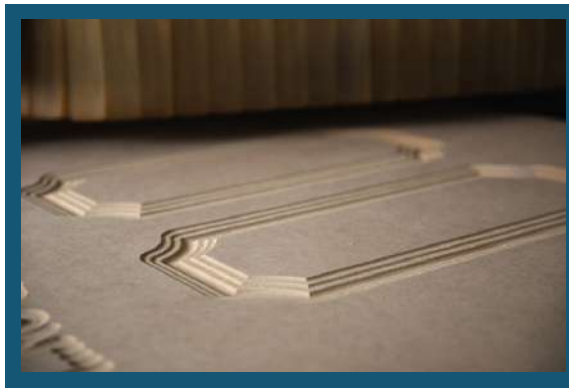

Nel corso di questa evoluzione sono stati introdotti macchinari sempre più avanzati al fine di raggiungere elevati livelli di produzione, mantenendo sempre un'ottima qualità del prodotto. L'obiettivo della IDROMETAL è sempre stato quello di realizzare un prodotto che si distinguesse per pregio nelle finiture e la cura posta nella lavorazione. Questo impegno ha portato l'azienda a soddisfare la richiesta dei clienti progettando nuovi modelli e personalizzando contemporaneamente quelli già esistenti. In questo modo la collezione della IDROMETAL rappresenta una gamma di soluzioni d'arredo in grado di collimare con il personalissimo stile di qualsiasi casa. Solo la passione e l'entusiasmo per il suo lavoro e l'instancabile ricerca di nuove gratificazioni hanno spinto fino ad oggi l'azienda in questa direzione e rappresentano anche il futuro e la filosofia dell'IDROMETAL.

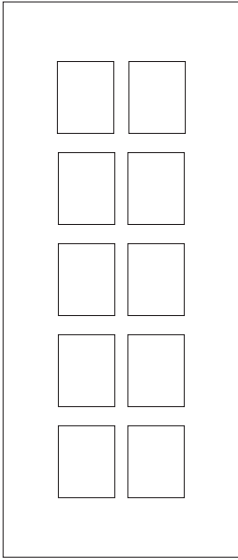

STORIA, STILE E TECNOLOGIA

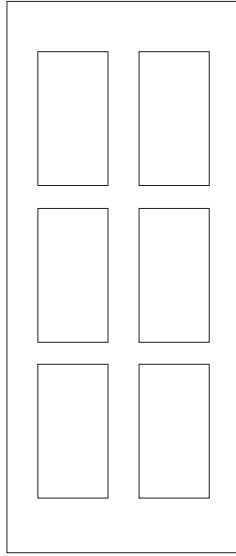

Nello stesso gruppo della IDROMETAL s.r.l. Fa parte la ARTI DOOR s.r.l. che opera esclusivamente nella realizzazione di pannelli bugnati in legno, alluminio e PVC per porte blindate. La vasta gamma di modelli e colori, la cura dei particolari e l'elevato isolamento termico e acustico, contraddistinguono questi pannelli, facendone portali di pregiato stile architettonico. I nostri pannelli, che grazie alla particolare lavorazione della bugna o delle incisioni si inseriscono in tutti i contesti di arredo e non hanno speciali cure per ben conservarsi. I portali ARTI DOOR, per la qualità dei materiali, l'avanguardia della tecnica e il ricercato design, rappresentano l'unione speciale tra la bellezza del legno e le eccezionali caratteristiche dell'alluminio con il risultato di un prodotto unico e inconfondibile.

SERIE EXTRA

La "serie extra" è una serie di pannelli per porte blindate realizzati con lamiere in acciaio zincato priverestito con finitura in superficie gofrata. I pannelli della "serie extra" sono 9 modelli in produzione di serie con 6 varianti di colore. La nostra azienda si avvale di personale qualificato e macchinari all'avanguardia permettendo la realizzazione di un prodotto di ottima qualità e costi contenuti.
